Kevin Erwin, joint Co-ordinator of the Wetlands International Wetland Restoration Specialist Group, compiled this bibliography. It includes over 1,000 citations published up to 1996 on the creation and restoration of shallow waters. The purpose of the bibliography is to provide researchers, practitioners, and government agencies with a single comprehensive source of publications useful in designing, evaluating, managing and monitoring wetland restoration and creation projects. Wetland Restoration. Shanghai Dalian Lake Project. Shuqing An School of Life Science Nanjing University Nanjing, China. I am glad to know the book titled Wetland Restoration"Shanghai Dalian Lake Project would be published very soon.
