The Writings of Paul Brunton

Paul Brunton (1898–1981) was one of the finest modern writers of the world's sacred wisdom, with a genius for expressing subtle truths in easily comprehended language. Blending his own inner inquiry with ancient traditions and contemporary teachings, PB developed a philosophy designed to suit the 21st century, yet steeped in the greatest wisdom and love provided to humankind—the wisdom of pure Mind and the love of our own Higher Self.

The Short Path to Enlightenment

Instructions for Immediate Awakening

Paul Brunton

Compiled by Mark Scorelle & Jeff Cox

"The Short Path to Enlightenment is a deeply supportive text from the extraordinary Paul Brunton, the spiritual explorer who first brought knowledge of Ramana Maharshi to the West. . . . **This book is alive with supreme knowledge.** May it support you in immediately and continually recognizing yourself!"

—GANGAJI

"The true gift of this wonderful book is in how nuanced and subtle Paul Brunton understood these profound and transformational teachings and how directly he conveys them. **Read this book as you would a scripture or a sutra** and let it open your eyes to eternity."

—ADYASHANTI

These accessible teachings distill the essence

of currently popular and traditional sudden-awakening teachings (Advaita, Zen, Dzogchen, etc.). Paul Brunton calls them "Short Path" teachings. A simple recognition, a brief moment of grace, can make what seemed like a far-off spiritual goal actual here and now. But we need reliable pointers for when and how and where to look. Brunton delivers the essence and practices of this path in direct, jargon-free language.

Includes:

- How to move from the Long Path of spiritual disciplines to the Short Path of direct insight
- Short Path exercises
- Warnings
- Stabilizing the awakening
- Experiences that may occur
- Stages of realization
- The nature of lasting enlightenment

Paul Brunton's writing are short paragraphs so you can read a para even if you have just a minute of time. Each para is a gem. I go to the writings of Paul Brunton when I am troubled or depressed and I am lifted and inspired. I bought these books for my KINDLE and I start each day with a few quotes. This is one of several volumes of PB Notebooks. Paul Bunyan is a lumberjack figure in North American folklore and tradition. One of the most famous and popular North American folklore heroes, he is usually described as a giant as well as a lumberjack of unusual skill, and is often accompanied in stories by his animal companion, Babe the Blue Ox. The character originated in folktales circulated among lumberjacks in the Northeastern United States of America and eastern Canada, first appearing in print in a story published by Northern Michigan 76 quotes from Paul Brunton: 'Every test successfully met is rewarded by some growth in intuitive knowledge, strengthening of character, or initiation into a higher consciousness.', 'Deep down within the heart there is a stillness which is healing, a trust in the universal laws which is unwavering, and a strength which is rock-like. But because it is so deep we need both patience and perseverance when digging for it.', and 'When every situation which life can offer is turned to the profit of spiritual growth, no situation can really be a bad one.' • Paul Brunton, The Notebooks of Paul Brunton. tags: character, crisis, growth, intuition. 48 likes.
