Also trading within the regional trade blocks does not come under the purview of WTO. As increasing amount of global trade is being diverted through this route, there is a certain amount apprehension about the role of regional trade agreements in WTO. The WTO Annual Report 2003 expresses deep concern about this latest development and comments: RTAs can complement the multilateral trading system, help to build and strengthen it. But by their very nature RTAs are discriminatory; they are a departure from the MFN principle, a cornerstone of the multilateral trading system.Â 11 Franke, J. (1997): Regional Trading Blocks in the World Economic System. Washington DC: Institute for International Economics.
