From teacher knowledge to queered teacher knowledge research: Escaping the epistemic straight jacket. Article. Full-text available. Studies of education and masculinity have provided highly productive insights into young men's identity formations, subjectivities, and social practices. Work in this collection adds to the field by connecting the study of masculinity with queer theory. However, this chapter argues that such a connection incites a potentially transgressive intervention that may disturb, contest, and challenge 16.
