Thus justice is seen as an essential virtue of both a good political state and a good personal character. Nevertheless, many of us today are sympathetic to this application of justice in support of a view that would not become popular for another two millennia. What of Plato's theory of justice itself? The negative part of it is his critique of inadequate views of justice is a masterful series of arguments against attempts to reduce justice to a couple of simplistic rules (Cephalus), to treating people merely in accord with how we feel about them (Polemarchus), and to the power-politics mentality of exploiting them for our own selfish purposes (Thrasymachus). Critical Theorists turned modern and postmodern political theory guns on the bastions of traditional IR theory. This included a trenchant critique of positivism; a critique of claims regarding the structural immutability and autonomy of the "international"; a critique of rump materialism on the right and class and production on the left; and a corresponding concern for the processes and boundaries of exclusion ignored while production, statism, an amoral positivism, and an ethic of "interests" dominated thinking in IR theory. 6 These critiques have moved IR theory's research agenda towards dis
