Austro-Marxism was a Marxist theoretical current, led by Victor Adler, Otto Bauer, Karl Renner and Max Adler, members of the Social Democratic Workers' Party of Austria in Austria-Hungary and the First Austrian Republic (1918–1934). It is known for its theory of nationality and nationalism, and its attempt to conciliate it with socialism in the imperial context. Hence, Otto Bauer thought of the "personal principle" as a way of gathering the geographically divided members of the same nation. In Social Austro-Marxism provided a model there, as well as the universalistic message of socialism that influenced many in Brith Shalom and German-Jewish intellectuals (Benjamin, Adorno) elsewhere. Beyond the Border: The German-Jewish Legacy Abroad. Otto Bauer (1881-1934) was a prominent leader of the All-Austrian Social Democratic Party (Gestamtpartei) and a notable theorist of Austro-Marxism, an intellectual current that was linked, but not identical, to that party. The Question of Nationalities and Social Democracy. Austro-Marxist theoretical views have been conceived as social medical instruments for the problems that confronted the improvement of socialism of their time. The relevance in their concept for the modern global inheres during this understanding. Biographical note Mark E. Blum, Ph.D. (1970), college of Pennsylvania, is a Professor of background on the collage of Louisville, Kentucky.Â Download e-book for iPad: Austro-Marxism: The Ideology of Unity Austro-Marxist Theory by Mark E. Blum, William Smaldone.

Austro-Marxismâ€™s main theoretician, like Renner, rejects the territorial principle and agrees with him in advocating the â€œpersonalâ€ principle. According to that principle, as we have seen, nations will be formed not as territorial associations, but as purely â€œpersonalâ€ ones and will be territorial only in the limited sense that â€œtheir activities will not extend beyond the State bordersâ€.Â However, these cultural victories will be brought about solely through the social and cultural superiority of certain nations, not as a result of privilege. Austro-Marxism. a movement that took shape at the beginning of the 20th century within Austrian social democracy under the influence of the theoretical works and political activity of its leaders and ideologists, K. Renner, O. Bauer, M. Adler, R. Hilferding (in his early work), F. Adler, and others. Between the two world wars the entire Austrian Social Democratic Party was termed Austro-Marxist in political literature. Many reformist features of West European

Austro-Marxism also instituted economic and social reforms such as healthcare, municipal housing, and educational system in Vienna, which later inspired the Scandinavian social democratic parties and the British Labour Party. Austro-Marxism was also the first movement in Europe to mount an armed resistance to a fascist government, although eventually defeated in 1934.Â Heritage. Austro-Marxism can be seen as the predecessor of Eurocommunism. Both ideologies are conceived as alternatives to Marxism-Leninism. Austro-Marxism's main theoretician, like Renner, rejects the territorial principle and agrees with him in advocating the "personal" principle. According to that principle, as we have seen, nations will be formed not as territorial associations, but as purely "personal" ones and will be territorial only in the limited sense that "their activities will not extend beyond the State borders".Â By creating psychological and legal conditions for class struggle for the workers of all nations, this structure constitutes an instrument of the
