The Handbook contains six parts: Part I examines logic and scientific method from Whately through to the advent of modern formal logic. This volume contains thirty new essays by leading experts on British philosophy in the nineteenth century, and provides a comprehensive and unrivalled resource for advanced students and scholars. As well as the most celebrated figures, such as Mill, Spencer, Sidgwick, and Bradley, the Handbook discusses many other less well-known names and debates from the period, such as Whewell, Shadworth Hodgson, and Martineau. Nineteenth-century conflicts such as the Crimean War (1854-6) are memorialized in words such as cardigan (named after James Brudenell, seventh earl of Cardigan who led the Charge of the Light Brigade) and balaclava (which derives from the name of a Crimean village near Sebastopol). Words such as bloomer and blue-stocking (as well as emancipatress) conversely still evoke the history of very different battles, and the various conflicts which surrounded female dress, education, and independence. Trenchard's lectures underpinned the making of the Oxford English Dictionary or, as its original title stated: A New English Dictionary on Historical Principles.
