Problem: Itâ€™s the wrong book Itâ€™s the wrong edition Other. Brazilian political science also mirrors the pedagogical and civic failings of the discipline as a whole. At heart, is the question of the relationship between teaching and the real world. Service learning in Brazil began as an adjunct to the undergraduate curriculum, illustrating the distance between university and society.Â There is today widespread recognition that the structure of undergraduate education must be made more flexible, multidisciplinary, and participatory. This paper contributes to this process by presenting the experiences of an innovative civic education program designed and implemented solely by undergraduate Political Science majors at the University of BrasÃlia.
