Behavior in Organizations: Understanding and Managing the Human Side of Work 8th Edition. by. Jerald Greenberg (Author). To be sure, in preparing the eighth edition of Behavior in Organizations, we have taken careful notice of today's ethical scandals, the always shifting—and sometimes troubled—economy, and underlying concerns about terrorism that reside in our consciousness. Then again, doing otherwise would be impossible. We think of organizational behavior as an ever-shifting terrain—and, our job is to map that terrain for current travelers. It is a scientific field that chronicles the ongoing nature of real organizations and the behavior of those individuals and teams that work within them.
