Eunuchs for the Kingdom of Heaven: Women, Sexuality & the Catholic Church, Uta Ranke-Heinemann

This is a book which criticises the oppression of women in the Catholic Church and in Western society. It begins with ancient, pre-Christian taboos and the relatively healthy attitudes of the ancient Jews towards sexual matters, and presents evidence that the early Christians chose pagan models of sexual conduct, and not the Jewish perspective. The book argues that from the apostle Paul to Pope John Paul II, the Church has denigrated sex, degraded women, and championed a perverse ideal of celibacy which, according to the author, stems from a misinterpretation of Christ's words in Matthew 19:11. The book suggests that the Church has glorified Mary's virginity, implying that all normal conception and childbearing are somehow polluted, and has denied the fact that Jesus had siblings. The book shows that the Church has damned birth control, campaigned fiercely against masturbation, which is never mentioned much less forbidden, in the Bible, and has even banned the use of condoms by AIDS patients.

Eunuchs for the Kingdom of Heaven - The Catholic Church and Sexuality (original German title;Eunuchen für das Himmelreich - Katholische Kirche und Sexualität) is a philosophical book by the German theologian Uta Ranke-Heinemann. The book is about how sexual morality is governed by celibates in the Catholic Church, which she criticizes as misogynous. While this represents a late 20th Century view, and remains broadly relevant, however in some areas material has dated, because early in the 21st century EUNUCHS FOR THE KINGDOM OF HEAVEN Women, Sexuality and the Catholic Church. On this level, "Eunuchs for the Kingdom of Heaven" is sure to become a treasure chest for feminists.
