Battleground: One Mother's Crusade, The Religious Right, and the Struggle for Control of our Classrooms. by stephen bates. poseidon press, 365 pages, \$24. The censoring of religious elements in textbooks is of course only one aspect of the general purging of anything related to traditional religion (and especially Christianity) from public schools since the postwar Supreme Court rulings on school prayer and devotional Bible reading. School administrators went much farther than the Court directed, and textbook publishers in turn took care to prevent any reflection of the beliefs and practices of half or more of the American people to creep into their books.
