Euthanasia, or mercy killing, means the deliberate killing of a patient who is terminally ill and/or in severe and chronic pain. More recently, "physician-assisted suicide" has superseded the term euthanasia as terminally ill patients take more assertive roles in expressing their wishes and requesting physician support. Although technology and advanced drugs provide physicians with "heroic" means of prolonging life, more people are questioning whether doing so is the right action, and, more importantly, many are asking why they must suffer at all with painful terminal diseases like Huntington's. Jennifer M. Scherer, Rita J. Simon. Sensitive and high-profile public policy issues often benefit from being considered in comparative perspective. Here, euthanasia and the right to die are examined in the context of the social, legal, and religious settings of a wide range of countries. The authors employ public opinion data, where available, to illustrate the great disparity between approval of physician-assisted suicide and the general illegality of the practice. [show more.](#)
