A study of the baby boom generation's search for meaning and values presents portraits that reveal the soul of the new generation of leaders in politics. Now the details of their spiritual worldview has received substantial factual representation in the new book *A Generation of Seekers: The Spiritual Journeys of the Baby Boom Generation* (Harper San Francisco). It's a massive study that tells us all we ever wanted to know about the spiritual lives of baby boomers but didn't have the means to find out. The research, involving surveys as well as in depth interviewing, was funded by the Lilly Foundation. *Baby Boomers and the Transmission of Faith*. America, 172, 5 & 27. Google Scholar.
