New Delhi: While everyone was bursting crackers, making rangolis, or decorating their homes during Diwali, you were one of the few students who is sitting in a room and studying for your Class 10 board exams. You barely have a few months left, but you have been preparing for these for a long time now. "CBSE Class 10 board exams are extremely important since they help you choose your subjects or even change your school. The subject exams are used at virtually all LCME-accredited medical schools in the United States and Canada, many osteopathic medical schools, and approximately 25 international schools in the Caribbean, Mexico, Europe, the Middle East and Asia. Subject examinations are primarily designed for use as final examinations after courses, clerkships, or other units of instruction.
