“The Future is Asian delves into the rich history of Asian civilizations engaging in robust patterns of commerce and culture” and the rediscovery of those ties in the post-Cold War world” and offers intriguing ideas on the potential for an “Asianisation” of the global order. Parag Khanna makes a strong case for an Asia coming of age, driven by confidence in Asia’s own past and the plurality that is inherent to the region. His suggestion that Asia offers an ideal alternative to the declining hegemony of the west is provocative and visionary. A stimulating read. The Asian financial crisis was a period of financial crisis that gripped much of East Asia and Southeast Asia beginning in July 1997 and raised fears of a worldwide economic meltdown due to financial contagion. The crisis started in Thailand (known in Thailand as the Tom Yum Goong crisis; Thai: ตุ้มยำกุ้งวิกฤติ; Thai: ตุ้มยำกุ้งวิกฤติ) with the financial collapse of the Thai baht after the Thai government was forced to float the baht due to lack of foreign currency to support its currency peg to the U.S. dollar.
