This book is an extremely impressive summary by a Canadian political scientist of the politics of immigration, particularly from 1948 to 1962. A lot of this field is dominated by a rather simplistic leftism that sees the immigrant as a modern hero with Britain as implacably and peculiarly racist. Philip Lewis is an extremely knowledgeable and interesting writer. He lives in Bradford, which is one of the epicentres of Pakistani Muslim Britain, and is seen as a hotspot for segregation and failed or bad immigration. He is not unsympathetic to the Pakistani position but he is very good at explaining how this came about. Many first generation post-war immigrants thought they were only coming for a short period of time, to earn money. Domesday Book is a manuscript record of the "Great Survey" of much of England and parts of Wales completed in 1086 by order of King William the Conqueror. The Anglo-Saxon Chronicle states: Then, at the midwinter [1085], was the king in Gloucester with his council . After this had the king a large meeting, and very deep consultation with his council, about this land; how it was occupied, and by what sort of men. Then sent he his men over all England into each shire; commissioning them to find out The history of the book offers a distinctive form of access to the ways in which human beings have sought to give meaning to their own and others' lives. Our knowledge of the past derives mainly from texts. Using new technology in printing, paper-making and binding, publishers worked with authors and illustrators to meet ever-growing and more varied demands from a population seeking books at all price levels. The essays by leading book historians in this volume show how books became cheap, how publishers used the magazine and newspaper markets to extend their influence, and how book ownership became universal for the first time. This is the first history of the book in Britain from the Norman Conquest until the early fifteenth century.

“The survey’s findings about literature in Britain today are based as closely as possible on Britain’s own understanding of what literature means.” This is not to say that the findings are incontestable, of course. We acknowledge and relish the fact that the results are open to interpretation. In planning the survey, our governing Council, which is made up of distinguished writers elected from our Fellowship, was quite aware of the potential pitfalls of opinion polls and the arguable paradox of summarising literary experience in statistical form. It represents the books that people enjoy and love. Literature also genuinely adds value to people’s lives.
