Naomi R. Wolf (born November 12, 1962) is a liberal progressive American author, journalist, feminist, and former political advisor to Al Gore and Bill Clinton.

After reading this chapter, students should be able to articulate: The importance of defining a profession's values. The difference between professional, general, personal, and rival values. Ranganathan's Five Laws of Library Science. ALA's Library Bill of Rights. ALA's Code of Ethics. A point of conflict between two different sets of value. Their personal values. How their personal and professional values will inform their LIS practice. Start by marking "Libraries in the Information Age: An Introduction and Career Exploration, 2nd Edition" as "Want to Read" in Goodreads. Designed to introduce LIS students to the ever-changing world of modern libraries and information centers, this text provides an important overview of libraries in the era of electronic information. It helps students build necessary core knowledge in such areas as electronic dissemination of information, the impact of the Internet on libraries, the changing landscape of libraries, and the changing roles of librarians. Designed to introduce LIS students to the ever-changing world of modern libraries and information centers, this text provides an important overview of libraries in the era of electronic information.
